*Experienced software developer with a passion for writing optimized and efficient code. Proficient in Python, Django, Flask, FastAPI, Node.js, and AWS services. An asset to any team with excellent problem-solving skills and a drive for success. Seeking a challenging role as a Software Developer where I can showcase my technical expertise and teamwork abilities. Let's build the future together*

## Work experience

**Developer** [Infonas](#) Manama, Bahrain(remote)  
Since October 2022

Managed all voice call billing and support for improvements. Spearheaded the AWS CloudFormation deployment of any application. Led more than 15 AWS Lambda internal projects and implemented improvements. Managed the company CRM and generated reports on time.

**Volunteer Coordinator for National ETCPC** [ETCPC](#) Adama, Ethiopia  
From September 2019 to July 2022

I have honed my skills in event coordination and community engagement. I have successfully taught students the necessary skills to prepare for programming contests and efficiently coordinated programming contests, showcasing my ability to lead and motivate teams. I have demonstrated my commitment to fostering growth and development in the field of computer programming.

**Full-Stack Developer** [Addis Software](#) Addis Abeba, Ethiopia  
From June 2022 to October 2022

We develop software for multiple clients. I developed Drag and Drop applications, Marketing Affiliates, Edi-tech Games, and many more.

I was responsible to develop the whole application or to work on a team on large projects. I developed a variety of projects which gives me a good understanding of many *problem-solving concepts*.

**Backend Developer** [GiddyOps](#) USA  
From January 2022 to October 2022

We developed A Robust Admin Panel central hub to manage your schedule, customers, workers, leads, and day-to-day operations efficiently. Centralized dashboard with at-a-glance key performance indicators.

I was responsible for developing the multi-tenant architecture for the admin panel and mobile app. I have also developed the APIs for the mobile app and admin panel.

## Education

**Bachelor Degree from Department of Computer Science and Engineering** [Adama Science and Technology University](#) Adama, Ethiopia  
From September 2018 to July 2022
